### Clergy Statement to be completed by a minister of religion

Non-Catholic applicants are invited to provide supporting evidence of their religious commitment to aid governors in placing their child in the correct criterion.

Child's full name	
Address	
Current Parish/Church attending	
Date of baptism/dedication	
Place of baptism/dedication	
Through the child's attendance and/or other activity with the church, do you consider the child to be a practicing Christian? *	
<p>Name.....</p> <p>Signature..... Date.....</p> <p>Telephone Number.....</p> <p>Parish Stamp</p> <div style="border: 1px solid black; width: 150px; height: 100px; margin-left: 100px; margin-top: 20px;"></div>	

\* We would normally describe 'practising' as regular attendance over at least 2 years, attending at least once a month. Attendance at church with a uniformed or similar organization is not normally considered to count as 'practising' if this is the only activity.
