

12 March 2018

Dear NAME

I am really happy to be able to give you details about the Easter revision programme that teachers at Saint Benedict are running. Over the page, you will see that there are 44 different sessions running over the two week Easter holiday, thanks to teachers volunteering to give up their time.

Think carefully about which sessions you will attend. If a session is targeted, it means that it is restricted to invited students. Teachers will contact you directly if you are invited. Most sessions are either open to everyone, or open to everyone doing a particular paper. It would be possible to spend the whole holiday in school – but you need to make sure that you build in time to rest and relax, so that you are ready for the final run up to your exams in May.

As always, if you want to come, but you are concerned about getting here, please talk to me, or your tutor, or your house leader. I don't want anyone to miss out, so if there is a barrier, let somebody know.

Yours sincerely
